EDUCATION

M.S., Computer Science, Data Science

The University of Texas at Dallas

May 2017

GPA **3.66**

B.E., Computer Science

Panjab University, Chandigarh, India

June 2014

CGPA **8.3/10**

WORK EXPERIENCE

Directi, Mumbai, India

October 2014-June 2015

Software Development Engineer

- Developed a fuzzy search for college/institution lookup for registering candidates on the website
- Programmed custom judges for problems in order to check solution to coding problems
- Wrote CRON jobs to daily extract the rank/popularity on websites like Alexa, LinkedIn, Facebook and Twitter

Alert Enterprise Inc., Chandigarh, India

January 2014 - September 2014

Software Development Engineer

- Wrote the backend queries for the incident monitoring dashboard
- Resolved the application defects to facilitate stable releases
- Redesigned legacy backend to integrate with the new badge designer UI

TECHNICAL SKILLS

Programming Languages and Tools: C/C++, JAVA, Python, JavaScript

Databases: Oracle, MySQL, SQL server

Operating Systems: Linux, Windows, MAC OS

Data Science Languages and Tools: Octave, R, Scikit Learn, Pandas

PROJECTS

Cuckoo Hashing

- Using two hash functions increased the load factor to 0.80 as compared to Java's Hash map load factor of 0.75

Custom SQL Shell & DBMS Engine

- Made custom implementation of a database in python
- Used binary files to store the data and used first level indexing in order to reduce the looking time

Parallel Bipartite Graph Matching

- Wrote the data structure to grow bipartite matching trees in parallel
- Decreased the time taken from 1 minute to 4 seconds
- Awarded excellence credit for the same

Character Recognition

- Given a matrix with pixel intensities, made a model to recognize a character.
- Used Support Vector Machine to model the data
- Extracted best features using Principal Component Analysis

ACHIEVEMENTS

- Google Code Jam- Reached the second round and secured a rank of 883 out of 10000 participants.
- Ranked 245 out of 4000 participants in the Santander prediction challenge on Kaggle.
- Stood second in DECODE, the coding event at VYOM 2014(PEC's annual Technical Fest)
